

## 6.1 Capital Facilities Plan

The Port has identified short-, mid-, and long-term capital improvement projects to facilitate the continued success of its operations and facilities. Table 14 lists potential projects, their timeframes, and planning level cost estimates for them.

**Table 14 – Capital Improvement Plan**

		Capital Improvements	2014 Cost Estimate <sup>1</sup>	Timeline	Priority	Priority Project Category
1	Fish Market and Cleaning Station	Upgrade existing buildings to accommodate fish market and cleaning station.	\$200,000	Yrs 1-5	High	Facility Upgrades
2	Marina Parking Upgrades	Reconfigure boat launch circulation, grind and overlay parking lot, add curbing and striping, add concrete sidewalks, install stormwater improvements.	\$750,000	In Progress	High	Recreation Improvements /Public Amenities
3	Lease Upgrades	Make commercial building upgrades.	tbd (Port to est. SF of new and renovation)	Yrs 1-10	Medium	Facility Upgrades
4	Recreational Marina Improvements	Repair existing floats and make improvements to accommodate larger vessels.	tbd	Yrs 1-5	High	Recreation Improvements/Public Amenities
5	Boardwalk Expansion	Expand existing boardwalk; Improve pedestrian amenities and provide public viewing areas.	tbd	Yrs 6-10	Medium	Recreation Improvements/Public Amenities
6	Receiving Dock Upgrades and Fish Processing Facility	Demolish two existing timber docks and concrete bulkhead; construct full-length concrete dock; construct 8,000-SF fish processing facility; Install concrete pavement; Install storm drainage facilities.	\$17,000,000	Yrs 1-5	High	Commercial/ Marine Improvements
7	Commercial Center Upgrade/ Renovation	Commercial building and site repairs.	\$1,500,000	Yrs 1-5	Medium	Facility Upgrades
8	Boatyard Relocation and Upgrade	Acquire new 100-ton straddle hoist (\$600,000), reconstruct sheet pile bulkhead along north and west edge of barge slip, construct new haul-out pier for straddle hoist, re-grade and pave work areas and access roads, construct paved transfer road, Install fencing, Install storm drainage facilities. Dredge for barge slip is not included. See Figure 5.	\$14,000,000	Yrs 1-5 Yrs 5-10	High to Medium	Commercial/ Marine Improvements
9	Commercial Marina Expansion	Expand commercial marina and add larger vessel slips.	tbd	Yrs 10-20	Medium	Commercial/ Marine Improvements

		Capital Improvements	2014 Cost Estimate <sup>1</sup>	Timeline	Priority	Priority Project Category
10	Long-term Development Potential	Assess condo/ mixed-use development potential with drainage improvements including the addition of a canal/bioswale.	tbd	Yrs 10-20	Low	Public-Private Partnership Opportunity
11	Development Potential	Examine opportunity site for potential development - hotel/condo.	tbd	Yrs 10-20	Low	Public-Private Partnership Opportunity
12	Ongoing Dredging	Coordinate with southern Oregon ports to meet ongoing dredging needs.	\$7.20 per cubic yard of dredge material (shared cost between ports and state)	Ongoing	High	Maintenance
<b>Total:</b>					<b>\$33 million<sup>2</sup></b>	

<sup>1</sup> Cost estimates are based on similar projects in other locations and are not based on detailed engineering plans or analysis. Final engineering and construction costs may vary.

<sup>2</sup>Total cost does not include \$7.20 per cubic yard of dredge material – dredge cost to be shared between Port and State.

#### 6.1.1 Project Opportunities

Table 15 is an overview of the Port's capital improvement and opportunity projects, and includes brief project descriptions, existing zoning designation, and potential conflicts with land use and development regulations. Project locations are shown on the concept plan (Figure 4).

Table 15 – Project Opportunities

Project and Description	Existing Zoning Designation	Potential Conflicts with Land Use and/or Development Regulations
Fish Market and Cleaning Station – upgrade and renovate existing buildings to accommodate fish market and cleaning station. <sup>1</sup>	C-1	Permitted use; no conflicts anticipated.
Marina Parking Upgrades – parking lot and stormwater improvements; project engineering is complete and construction will begin soon; project is funded through Oregon Marine Board grant.	C-1	Permitted use; no conflicts anticipated.
Lease Upgrades – upgrade and renovate existing commercial facilities; improvements will be tenant driven.	C-1	Retail and service establishments are permitted uses; no conflicts anticipated.
Recreational Marina Improvements – repair existing floats and make marina improvements to accommodate larger vessels. <sup>1</sup>	C-1	Marina facilities not addressed as permitted or conditional uses in C-1 zone. Conversations needed with County staff (see note below); state and federal permits needed for in-water work.

4. The STAPLEE process to ensure that mitigation action items under consideration for implementation meet the needs and objectives of the District, its communities, and citizens, by considering the social, technical, administrative, political, economic and environmental aspects of potential projects.
  
5. The District does not have the resources (capability) to implement the action within the duration of this NHMP.

**Table 1**  
**POBH's Mitigation Action Items**

Rank	ACTIONS	Timeline	Source of Funds	Lead Agency	Support Agency	Life Safety	Damage Reduction
1	Evaluate and prioritize mitigation measures for the above hazards (see PP 11 – 17), as funding becomes available.	Ongoing	POBH	POBH (Port Mgr., Harbor-Master)	POBH Engineer-of-Record	X	X
1	Ensure that new infrastructure components are adequately designed to minimize risk from natural hazards.	Ongoing	POBH	POBH (Port Mgr., Harbor-Master)	POBH Engineer-of-Record	X	X
1	Evaluate the seismic vulnerabilities of embankments and overstructures, and prioritize replacements with seismically designed stabilizing methods.	Ongoing	POBH	POBH (Port Mgr., Harbor-Master) POBH	POBH Engineer-of-Record	X	X
1	Ensure that new infrastructure components are adequately designed to minimize risk from natural hazards.	Ongoing	POBH	POBH (Port Mgr., Harbor-Master)	POBH Engineer-of-Record	X	X
1	Inventory system infrastructure locations subject to flood damages, including scour/erosion.	Ongoing	POBH	POBH (Port Mgr., Harbor-Master)	POBH Engineer-of-Record	X	X
3	Sport Basin, 92 (Phase I)* plus 90 additional (Phase II)** pole	2018/2019 2019/2020	*FEMA, PA/*406	POBH (Port Mgr.,	IFA/BO POBH Engineer-of-	X	X
