A routine maintenance haul-out or launch is not an emergency. An emergency situation exists only when a vessel is distressed to the degree that it is taking on water at a rate that will cause damage that can be prevented by removing the vessel from the water.

Clean-up fees will be charged for each man-hour at established rates. Equipment charges and disposal or any material are extra.

Haul-out and repair yard charges must be paid in full prior to launch or at the end of each 30 days the vessel remains in the repair yard.

Removal of abandoned vessel / property per Port Ordinance 2.10

Boat Yard Rates will be reviewed annually
